

WHY HEALTHPLEX?

All dentists in our network are credentialed by Healthplex, a Credentials Verification Organization certified by the National Committee for Quality Assurance† for 10 out of 10 credentialing services. We conduct site visits to ensure all offices are well equipped, adequately staffed and are following proper sterilization techniques. If you have a problem with your dentist, we will rectify the situation or refund your premium.

Visits for routine dental care will be scheduled within a few weeks of your initial phone call. If you have a dental emergency, you will be given an appointment within 24 hours. Should you be away from home with a dental problem, you will be reimbursed up to \$50 for emergency care only.

Referral Forms are not necessary when visiting CapDent participating specialists — just present your CapDent identification card.

EXCLUSIONS

1. Any dental services not rendered or approved by a participating dentist, except in cases of out-of-area dental emergency.

4. General anesthesia, analgesia, or sedation for general services rendered in a hospital environment.
5. Dental procedures undertaken primarily for cosmetic reasons (including composite fillings in back teeth), or dental care to treat accidental injuries, congenital or developmental malformations.
6. Restorations, crowns or fixed prosthetics when acceptable results can be achieved with alternative methods or materials. 7. Services started prior to becoming covered under this plan.
8. Implants, grafts, precision attachments or other personalized restorations or specialized techniques.
9. Broken Appointments – If specified by Plan Dentist for appointments not cancelled 24 hours in advance, there is a \$30 charge.
10. Replacement of an existing crown, bridge or denture that can be made serviceable according to common dental standards.

11. Procedures, appliances or restorations whose main purpose is to change vertical dimension, diagnose or treat conditions or dysfunction of the temporomandibular joint, stabilize periodontally involved teeth, or restore occlusion.
12. Treatment of unmanageable children and/or unruly patients. An attempt will be made to treat all patients. However, if a patient is untreatable by virtue of apprehension or any other reason, and is referred to another office for treatment, the responsibility for payment lies with either the patient or the parents of the patient.

The CapDent Plan provides covered services through a network of participating dentists with no claim forms, no maximums, no deductibles, and no lengthy predeterminations to cover pre-existing conditions.

While the CapDent Plan includes all types of services, including crowns, bridges, dentures, root canals, periodontal care and orthodontics, it stresses preventive and diagnostic dental services. Cleanings, exams, x-rays and fluoride treatments are all covered without any cost to you. This “preventive incentive” is important because dental disease can be greatly reduced with regular visits to the dentist. If regular visits for preventive and diagnostic care are free, major dental work and its high costs can be minimized.

In this managed care program, you must select a family dentist from the CapDent Directory of Participating Providers. You and your dependents will receive all treatment from that dentist. Some services are rendered without any cost, while others have a minimal copayment that you pay directly to the dentist. Should you require a specialist’s care, you may be treated by any CapDent participating endodontist, periodontist, oral surgeon or orthodontist. Services rendered by participating specialists will be 25% less than usual fees. Referral forms are not necessary.
